## PresMed Attends World Association of Eye Hospital Conference

In June, PresMed Australia's CEO, Roger Cronin, and CFO Feng Neal travelled to the London to attend the 13<sup>th</sup> Annual World Association of Eye Hospitals Conference. The Conference was held at the prestigious Moorfields Eye Hospital, attended by leaders in eye hospitals from all over the world. The conference covered topics including artificial intelligence, robotics, the digital revolution and innovation.

Attendees then visited West of England Eye Unit in Exeter and The Royal Victoria Eye and Ear Hospital in Dublin. Lasting from the 5<sup>th</sup>-11<sup>th</sup> of June, the conference and hospital visits covered a range of topics in the developments of ophthalmic care. [Click Here](#) to read more.

# A Look into Private Day Hospitals

Day Hospitals Australia has released an informative summary of outcomes using data from the Australian Hospital Statistics FY2017-2018 report that was provided by Australian Institute of Health and Welfare. The summary outlines the high number of ophthalmic lens cases (cataracts) performed in private hospital as well as the extremely high average patient satisfaction rating achieved across our industry. # Innovative Glaucoma Therapy Treatment Now Available

Madison Day Surgery is committed to continually research and obtain the latest in cutting edge technology that the Ophthalmic industry has to offer. As a result, we now have available the new Iridex Cyclo G6 Laser Console System with MicroPulse Technology, distributed in Australia by OptiMed. The Cyclo G6 Laser Console System provides surgeons with a non-incisional, intra-ocular pressure control, treatment option for glaucoma patients. Patient outcome studies have shown significant IOP lowering long-term. [Click here](#) to read more.

## Featured Doctor

### [Dr Steven Wine](#)

Dr. Steven Wine graduated from medicine at New South Wales University in 1987. After resident training he was involved in a glaucoma-based research program through the Australian National University. His registrar training was based at Sydney Eye Hospital with significant periods of time in Darwin and Albury.

As an ophthalmologist, Dr Wine worked in Randwick, Fairfield and Blacktown before joining with Dr. Peter Anderson in Hornsby. [Click here](#) to read more.
